Recycling Dropoff Locations

(for regular recyclables like glass, cans and plastics – call for details on what is collected)

Northwest Sanitary Landfill Courtesy

Recycling Dropoff Site

1436 West Sunbury Road

West Sunbury – 724.637.3552

Open during landfill operating hours

TC Recycling LLC

Hutchman Road Convenience Center

120 Hutchman Road, Mars

724-625-9000

Trash & Recycling

Collection Companies*

*Known to be operating in Butler County

Trash removal can be contracted in some municipalities on an individual, subscription basis and some municipalities contract with one hauler for all their residents. Call your municipality or homeowner's association for details. All residential trash haulers are required to offer curbside recycling service to their residential customers in Butler County.

Adamik (Sarver) - 724.265.4287

Brunner Disposal (Zelienople) - 724.775.6665

Heffernan Hauling (Franklin) - 814.437.3459

Hunsberger Sanitation (Knox) - 814.797.5583

Reddick Rolloffs (Sandy Lake) - 724.376.2261

Recycling Offered by All Residential Waste Collectors

RECYCLE IT RIGHT!

It is extremely important to make sure only the correct items go in your curbside bin. By recycling the correct items, you are making the entire system efficient and ensuring success of the recycling program! All companies collecting residential curbside waste also collect curbside recyclables.

You should always check with your hauler to find out:

1. what can be placed in your curbside recycling bin (*since this can vary by hauler*)
2. how recyclables are to be prepared for collection (*for instance: recyclables that contained food or other residue should be rinsed and lids should be discarded.*)
3. when your recyclables will be collected

Special Event Recycling Bins Available

The Butler County Department of Recycling & Waste Management has collapsible recycling bins available to loan. Groups organizing special events in Butler County that would like to offer recycling to their participants along with waste disposal can borrow the bins on a first come- first served basis. For more information on this program, please contact the Department at:

Phone 724.284.5305

Email skelly@co.butler.pa.us

Tips for Identifying, Storing and Transporting a Hazardous Waste

Identifying Hazardous Waste (and remember, electronics are considered hazardous too!)

The following warning words on a container can alert you to the hazardous nature of its contents:

Danger, Poison, Toxic, Corrosive, Volatile, Flammable, Inflammable, Combustible, Explosive, Caution, Warning, Harmful, Oxidizer, Irritant, Environmental Hazard

Proper Use & Storage of Hazardous Materials

MOST IMPORTANT: Follow the directions on the label.

Ask the dealer or manufacturer to provide more explanation if needed.

Don't use more of the product than is recommended.

Never mix products; this can lead to explosions or poisonous gas being released.

Use hazardous products in well-ventilated areas and always use gloves, eye protection and air purifying respirators whenever warranted.

Never eat, drink or smoke where hazardous products are being used.

Keep products in their original containers.

If you do have to use a different container be sure to label adequately to prevent poisoning and for safe use and disposal.

Store all hazardous products upright, tightly sealed, and away from pets, children and food.

Transporting Household Hazardous Waste to a Hazardous Waste Collection

Never mix different chemicals! Toxic fumes or an explosion can result and it prevents recycling of the materials.

Leave waste products in their original containers, and make sure caps and/or lids are securely closed. Gasoline is highly flammable and should only be transported in purpose-designed gasoline cans or containers. Do not transport hazardous wastes in the same portion of your vehicle as humans or pets.

If the original container is leaking or damaged, place the entire container in a larger container such as a clean paint can, plastic bucket, or wrap securely with plastic. If you wrap up a container so that the original label cannot be seen, mark the contents to the best of your ability, and be sure to tell the collection staff what the contents are.

Separate different types of waste, such as paints, motor oil, batteries, pesticides, acids, etc. Place containers upright in sturdy cardboard boxes or plastic trays, and pad with newspaper. You may also want to line your car with plastic before you pack the car.

Put containers in trunk or rear of your car, not on passenger seats. Come straight to the Hazardous Waste Collection to avoid any problems with the waste.

Don't eat, drink or smoke while handling household hazardous wastes. Wash your hands after handling these materials. Never put hazardous waste into trash bags or trash cans. Lids can come off causing chemicals to mix and possibly creating dangerous reactions.

IN CASE OF AN EMERGENCY SITUATION, DIAL "911"

Aluminum	Ammunition	Appliances (non-freon)

Some have fees and some do not. Call a business near you to get more information.</p>

Batteries, Household (regular alkaline)	Batteries, Household (rechargeable)	Bicycles
<p>Alkaline and Zinc Carbon Batteries typically contain a manganese dioxide cathode and a zinc anode. The electrolyte in an alkaline battery is usually potassium hydroxide or sodium hydroxide, while in a zinc carbon battery the electrolyte is ammonium chloride or zinc chloride. In the past, mercury was added to these batteries to prevent corrosion and the creation of hydrogen gas. Recent laws have restricted the levels of mercury allowed in alkaline and zinc-carbon batteries. Today, alkaline batteries on the market are required to have zero -added mercury and are no longer hazardous.</p> <p>Source: PA Dept. of Environmental Protection</p>	<p>Best Buy Electronics (all locations)</p> <p>Home Depot Also accepts other types (all locations)</p> <p>Lowe's Also accepts other types (all locations)</p>	<p><u>Tips:</u></p> <p>Give away on Butler County's local Freecycle™ web site at: https://groups.freecycle.org/group/ButlerPA/posts/all</p> <p>Non-useable bikes are accepted at most scrap metal / auto wrecking yards that pay by the pound.</p>
