Chapter 185. Zoning

Article IV. Additional Regulations

§ 185-59. Performance standards.

No use of land or structure in any district shall involve, or cause, any condition or material that may be dangerous, injurious, or noxious to any other property or person in the Township. Furthermore, every industrial or commercial use of land or structure in any district must observe the following performance requirements:

- A. The developer shall provide assurances in writing that the proposed use will not be noxious or offensive by reason of emission of smoke, dust, gas fumes, odors, glare, light trespass, noise or vibration beyond the confines of the property on which the proposed use will be located, and that all applicable federal and commonwealth environmental states have been addressed.
[Amended 7-13-2020 by Ord. No. 2020-01]
- B. The developer shall provide assurance that no act, occupation, or structure will endanger life or health, give offense to senses, violate the laws of decency, or obstruct reasonable comfortable and free use of any property in Clinton Township.
- C. All aspects of production and processing shall occur entirely within closed buildings.
- D. Areas of the property not covered by buildings shall be used only for vehicle parking, access driveways and walks, truck maneuvering and parking areas and planted and maintained lawns, landscaping, tree clusters, or buffer areas.
